THE FUTURE - Generation, after generation," says a fine writer, "have felt as we now feel, and their lives were as active as our own. They passed like vapor, while nature wore the same aspect of beauty as when nature com-manded her to be. The heavens shall be as bright over our graves as they now are around our paths. The world will have the same attractions for our offspring yet unborn as she had chose for our children. Yet in a little while all have fiappened. The throbbing heart will be at rest. Our funeral will wind its way, and prayers will be said, and then we shall be left alone in silence and in darkness for the worms, and it may be for a short time we shall be spoken of, but the things of life will creep in, and our names will soon be forgotten. Days will continue to move on, and laughter and song will be heard in the room in which we died; and the eyes that mourned for us will be dried, and glisten again for joy; and even our children will cease to think of us, and will not remember to lisp our names."

"There are two ways of setting up in this life. One is to begin where your parents are ending magnificent mansions, splended furniture, and an degant turnout. The other is to begin a little nearer the point where father and mothers." er-of blessed mamory began. You see, my friend, you can go up so easily and gracefully, if events show it would be safe; but it would be trying and awkward to come down. And it costs much now to live. And business fluctuates, and health is uncertain; and temptations from the side of pride are strong; and many a young man who did not mean to be extravagant has been led along, and rather than face the position and descend manfully, has tried to keep up by embezzlement, and been called a swindler.

The building of the Northern Pacific Railroad (began July last) is being pushed, forward with great energy from both extremities of the line. Several thousand men are employed in Minne sota and on the Pacific coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track-laying is randly progressing toward the eastern border of Dakota, Including its pirichase of the St. Paul & Pacific Road, the Northern Pacific Company now has 418 miles of completed road, and by September next this will be increased to at least 560.

A GOOD INVESTMENT. Jay: Cooke & Co. are now selling, and unbesitatingly recommend, as a Profitable and perfectly Safe investment, the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent. gold interest (more than 8 per cent. currency) and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also, as fast as the Road is completed, on

CHARLES WHITTLESEY, UNITED STATES COMMISSIONER,

ATTORNEY AND COUNSELLOR IN BANKRUPTCY.

Congress having just amended the Bankrupt law so that nearly all parties can be discharged from their debts unobstructed by the fifty per cent. clause, so-called, another opportunity offers benefit as this most effective and to secure the benefits of this permanent measure of relief. The above-named will make bankrupt business a specialty; will procure discharges on the most moderate terms, and transact all business in that line at prices which cannot full to be satisfactory. Being United States Commissioner he will endeavor to visit the different counties on court days, and thus save parties the trouble and expense of several trips to Alexandria in beginning and proceeding with their cases. Discharges can be obtained here before Register Hill as promptly as in Richmond or elsewhere, and at much less expense to parties. It may be added that the Bankrupt act, n connection with the Homestead exemption which it is now believed will be secured to the bankrupt under the bankrupt law, is the only real relief now offered to parties struggling in the hopeless bondage of old debts. ORGANIC WEAKNESS. Immediately cured and Full Vigor Restored.

This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgencies. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the natural powers are lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Montal Immediately cured and Full Vigor Restored. becomes deranged, the Physical and Montal Functions weakened. produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption. YOUNG MEN

Who have injured themselves by a certain prac-

tice, already described, a habit frequently learn-

ed from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply im-Mhat a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of deviating from the path of nature, and indulging in pernicious habits. Such persons must, before contemplatmediately.

MARRIAGE Reflect that a sound mind and body are the nost necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another is blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and ir prudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-time sense of shame or dread of discovery deters him from applying to those who, from educa-tion and respectibility, can alone befriend him, delaying till the constitutional symptoms of this horrid disease makes their appearance, such as horrid disease makes their appearance, such as ulcerated sore threat, diseased nose, nocturnal pains in the head and limbs, dinness of sight, deafness, nodes on the shin bones and armoublotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration till death puts a period to his dreadful suffering, by sending him to that undiscovered country from whence no traveller returns."

It is a melancholy fact that thousands DIE victims to this terrible disease, through falling into the hands of ignorant or unskifful PRETENDERS, who, by the use of that deadly Poison, Mercury, &c., destroy the consitution, and incapable of curing, keep the unhappy sufferer month after month taking their nextous of injurious compounds, and instead of being restored to a renewal of Life, Vigorand Happiness in despair leave him with ruined Health to sigh over his galling disappointment.

AND VIRGINIA ADVERTISER,

AFFAIRS IN SOUTH CAROLINA .- From a private letter from a South Carolina lady.]
SUMTER DISTRICT March 27 - I cannot for bear alluding to the evil which the present tax system of our State entails upon landholders.

Thousands are either on the brink of ruining the last 40 years as one of the most reliable, efficacious and harmless preparations ever offered to the necessities of life. My son's place most of which is a swamp utterly incapable of cultivation, is now assessed at \$5 per acre, and the tax this year amounted to \$285. In old times it was only \$8. M. which brings Mr. B. in \$28.-50 per annum, is taxed nearly \$300. Another plantation, formerly taxed \$3.50, now has to pay

sale of our house in —, about \$1,200, I have been obliged to draw \$500 to pay taxes. My husband has been trying hard to collect small sums owing him, to lessen if possible the burden of taxation, but with small success. All our neighbors and friends appear to be in the same predicament. All are leaving their constantly of debts unpaid to pay the outrageous taxes imposed upon them by the State. South Carodrug store. lina is in a deplorable condition. Plantations unoccupied by their owners are taken possession of by negroes, and the houses occupied by them. The latter pay no rent and will not leave when they are bidden, and as they have no money it is useless to attempt legal proceedings against them. Furthermore, they will not work if they can help it. Hundreds of planters say they will not again pay the unjust taxes that are now extorted from them. They even threaten armed resistance unless some change for the better takes place. The negroes would have given us no trouble if they had not been subjected to the evil influence of the incendiary carpet-baggers, who are fattering at the people's expense. This is no overdrawn picture of our condition, and I think the people of the North ought to know how much we suffer. It costs more than the net proceeds of a crop at present prices to run a plantation, and land has constantly to be sold at a sacrifice to meet the taxes. When

THE COLOR OF THE MOON. - The dark side not fall, receiving its light by reflection from the earth. In a total, solar eclipse, when a large portion of the earth, lying directly under the moon, is obscured, a change in the color of the latter might be expected. These expectations have been realized. As early as 1774, Lambert observed the remarkable phenomenon that the ordinary ash-colored moonlight of the dark side of the moon in its first and second quarters was changed into an olive green, tinged with yellow. In pondering upon the cause of this singular appearance, he found it referable to the position of the moon, then situated
